Who is a Digital Nomad ?

Digital Nomad is a new lifestyle where people can work both from home or anywhere !!; it gives the freedom to “Earn as you Travel” , understand and adopt to new Cultures and the key mantra being “Have wi-fi. Will work”

Many Countries now Offer Digital Nomad Visa that allows you to work remotely and visit the Country for a specific period of time

- ❑ In 2013, during the first meeting of representatives of the Estonian government and the global digital nomad, The first Digital Nomad Visa was introduced.
- ❑ As per this visa, it will allow location-independent knowledge workers to live in Estonia for up to an year while working for employers or clients outside of the country

Advantage Digital Nomad

Less stressful work environment:

Being away from rush, saving travelling time, and not strict working environment will help in reducing the stress and study has shown that remote workers are more productive, focused and deliver result faster.

Exposure to different cultural experience:

The more you travel more you gain through cultural exchange and meeting diverse people across various nationalities, ethnic backgrounds and race

Simplified Lifestyle:

Digital nomads travel more frequently and they like freedom without the weight of everyday belongings.

Cheaper:

It is cheaper because of the following reasons:

- Charges and price as per the basic minimum wages of that country
- There is no office space required
- Minimum or no paper work is done

Best Global talent for the job is hired

Challenges being a Digital Nomad

- ❑ **Money** : what may look appealing may not be in reality; cost of living differs and continuous flow matters
- ❑ **Isolation & loneliness**: Digital Nomad workers find them isolated but their attempt at connecting with co-workers may be higher.
- ❑ **Time zone issues**: Due to traveling and different time zones at different places, it might require to work at late night or early morning with clients. Meeting can happen at 3 A.M.
- ❑ **Internet or Connection Problems**: There could be possibility of no internet connection at various places or sometimes you have to pay a lot of money for internet connection, so one should plan for proper network connection
